Emirates Leisure Retail – Iconic Dubai Hotspot Launches in Abu Dhabi

Emirates Leisure Retail, a fully fledged division of the high profile Emirates Group, is this week celebrating the launch of iconic bar Left Bank in Abu Dhabi, at the exclusive Souk Qaryat Al Beri, Shangri La Resort, Between Two Bridges.

Left Bank is a sophisticated contemporary lounge, bar and restaurant. A stylish meeting place that combines savoir faire with a relaxed atmosphere, Left Bank is known for its creative casual dining menu and for mixing the best cocktails in town.

Situated in exclusive enclaves in Dubai and now Abu Dhabi, Left Bank's renowned cocktail list has been carefully created by skilled industry professionals with extensive international experience in mixology. The enticing fusion of flavours served with the flair that only Left Bank can boast make it impossible to stop at just one drink.

If you can pry yourself away from the cocktails long enough to glance at the menu, you'll be seriously tempted by the exceptional contemporary European cuisine designed expressly for shared enjoyment.

Left Bank's contemporary chic personality is reflected in the bars' interiors, with each location conveying its own individual style and mood. Its ambient lounge atmosphere, chilled music and waterfront locations are guaranteed to set the right mood for a great night out.

Justin Bishop, Head of Licensed Bar/Restaurant Division, ELR is delighted Left Bank Abu Dhabi has come to fruition, saying the team behind Left Bank had worked for over 18 months to source the very best mixologists and industry professionals from around the globe.

"The environment we have created and the team we have at the helm will ensure that Left Bank offers the best drinks list and most delectable eats in town," he said.

Left Bank will open its doors next Tuesday.
