### Runners-Up

#### **Bidi Bondi**

Finally putting the manmade islands on the nightlife map, [Bidi Bondi](#) has proved a hit with the sunkissed surfy set during its first few months of opening. The bar looks out onto a sun-dappled terrace that in turn gives way to a pool, landscaped gardens and a beach. However, more of a sundowner spot than one for all-night partying, should you visit later in the evening you may feel a little lonely. But you could always just focus on the fabulous [food](#). Run by the same company that launched [Après](#) and [Left Bank](#), it hasn't suffered the same teething problems that many start-ups face. In fact, our only real reservation is that a Friday afternoon visit can induce a severe dose of [lifestyle](#) envy.
